## WHY WE GIVE THANKS.

BY WM. ROSSER COBBE.

The United States of America is the one and only civilized nation upon earth which makes no acknowledgment of God in its constitution or its laws. French infidelity brought to the struggling colonies by the soldiers of Louis XVI., supplemented with reading of Voltaire and Rousseau, together with the powerful influence of Thomas Paine, who subsequently wrote his "Age of Reason," had made a shipwreck of the faith of the fathers of the young republic.

While Washington and Hamilton, although in no sense religious, would have assented readily to recognition in some wise of the Deity, Jefferson and other free thinkers opposed the proposition vigorously, and it was signally defeated.

Again and again in subsequent years efforts were made to set apart a day by the nation for thanksgiving, prayer and praise to God for his blessings. No less than three presidents refused outright to recommend such a day, declaring that there was no authority for it in the constitution or the laws.

It was not until the civil war, when there was weeping in every household for the loved ones that had been slain in battle—not until after the signal success of Vicksburg and Gettysburg (in September, 1863), that Lincoln requested the people to commemorate these successes on a given day by heartfelt prayers of thanksgiving and praise to the God of battles and of peace. Mr. Lincoln was not himself a religious man, but he knew the people to be God-fearing, and he had faith in the people, whom he sought to serve as well as to govern justly and righteously.

Let it not be forgotten that while Thanksgiving Day, thus inaugurated by Mr. Lincoln and duly observed every year since that time, has no authority in law. No president has a right to order an observance of Thanksgiving Day. He only can request the people to observe such a day. So little is his authority in the matter recognized that his proclamation is supplemented with a proclamation by the governors of the 45 States composing the union. There is no national holiday, neither Fourth of July, nor Christmas, nor Labor day, nor Thanksgiving day, nor Decoration day. The constitution delegates no power to the congress to legislate upon such a subject for the States. A majority of the latter, however, have by legislative enactment made Thanksgiving day a legal holiday.

Yet, while the voice of the constitution and the laws of the nation are silent concerning God and His watchful care over His people, the inhabitants of the land are God-serving and God-fearing. No other land can show such abundant church accommodations, or so generous provisions for the clergy of these churches. No other nation can point to so many and generous fruits of godly faith and practice as seen in hospitals and asylums for the widow and fatherless and they that have none to keep them. No other country can compare with this in the bigness of contributions by the rich for the relief of the poor.

This is a people whose God is the Lord. When the president makes proclamation, setting apart the last Thursday of November as a day of Thanksgiving, he does it in the confidence that all of the people, without regard to creed or sect, will observe it. He knows that all the great wheels of factories will be stopped, that the great hammers of the shops will be silent, that the places of business will be closed, that the farmers will rest from their toil, and that all the mines will cease their operations in obedience to his request. Meet, right and proper is it that this spirit should prevail in American breasts, for God has blessed

## Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention, until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me."

CHARLES GOODRICH,  
Caruthersville, Mo.  
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.  
Miles Medical Co., Elkhart, Ind.

this nation as no other nation of the earth has been blessed. It is first in wealth, manufactures, in mining, in farming. It leads all other nations in foreign trade. It is separated by wide seas from other great nations, so that no great standing army is needed for the maintenance of its peace. Seed time and harvest never fail within its border, and its people are spared the pestilence that stalketh at noonday and the famine that maketh desolate the remote places of earth. Its people are bound together by a common interest and love their country next after their God and their homes.

The closing year has been one of peace and prosperity throughout the land. The products of mine and field have been bounteous. There have been no storms to make afraid and no calamities to excite grief or terror. In recognition of the truth that all good things come from God, and that He has been peculiarly generous to this land, there will be general observance of this Thanksgiving day, in which the people will acknowledge His benefits and praise His mercy and goodness.

## Rich Oil Well Struck.

John H. Morgan & Co., of Lexington, who own a number of valuable oil leases in Wolfe county, have received news of a rich oil strike on their lands about one mile from Crumpton. The first big strike in that vicinity was made last week, and tests show that the well will exceed one hundred barrels per day. It is said to be one of the best producers in the entire oil field.—Jackson Hustler.

## Disastrous Wrecks.

Carelessness is responsible for many a railway wreck, and the same causes are making human wrecks of sufferers from Throat and Lung trouble. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by all druggists. Price 50c. and \$1.00. Trial bottles free.

**ONE FULL QUART OF WHISKEY FREE**

We know the meaning of words and will do as we say. We claim to be the lowest-priced Whiskey House and the Largest Mail Order Whiskey Concern in the South. All the North Carolina Whiskey we sell is good—there's no bad. People here would be astonished to know how few they are honest! Most whiskey sellers are noted for cheating, bleeding and watering. We sell more genuine old whiskey and less water than any known competitor. "Casper's 11 Year Old" Whiskey is a Liquid Joy! It's made by honest people in the mountains of North Carolina, in old-style copper stills, just as it was made by our grandfathers. First-rate whiskey is sold at \$5.00 to \$6.00 per gallon, but it's not any better than "Casper's 11 Year Old." It must please or we will buy it back. We have a capital of \$100,000, and the People's National Bank and the Piedmont Savings Bank of this city will tell you our word is good. To introduce this old, honest whiskey, we offer four full quarts of "Casper's 11 Year Old"—two sample bottles, one 11 year old—a cork, screw and a drinking glass—all for \$2.95. If \$2.95 is sent we will double the above and put in free One Full Quart Extra. We have some of this whiskey only 1 year old, and will send one gallon for \$1.00 with four full quarts full quart bottles on receipt of \$1.00 and give free corkers, drinking glasses and napkins, making this whiskey cost less than \$2.00 per gallon delivered. We ship to plain boxes with no marks to indicate contents, and Prepay All Express. Buyers West of Texas, Kansas, Nebraska and Dakota must add 20 cents per quart extra.

## STATE COLLEGE OF KENTUCKY, Lexington, - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors. County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$60,000 for a college home for young women, and \$80,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750. Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science. The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work. The completion of the college home for young women provides facilities for board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for educational women at all comparable to those offered by the State College of Kentucky. For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to JAMES K. PATTERSON, Ph. D. LL. D. Or to D. C. FRAZEE, Business Agent, Lexington, Ky. Fall Term Begins September 5th, 1904.

## ANNOUNCEMENTS.

**FOR STATE SENATOR.**  
**WHEELER.**—We are authorized to announce SAM WHEELER as a candidate for State Senator to represent this district, subject to the action of the Democratic party.

**COOPER.**—We are authorized to announce Spencer Cooper for State Senator of the district, subject to the action of the Democratic party.

The silver tongue is silent. No more will the eloquence of Wm. C. P. Breckinridge, orator, editor, soldier and statesman be heard in the land. "God's finger touched him" and he sleeps the slumber of eternal ages. At twenty minutes to 12 o'clock on Saturday night last, surrounded by his family, he breathed his last, since which the country at large has been covered with a pall, for, though thousands never had the pleasure of hearing him speak from the rostrum, his fame reached to the furthest corners of the created world, and many loved him for his utterances in public and through the press. He was everywhere recognized as the greatest orator of modern times, and as editor of the Lexington Herald he had gained the reputation of being one among the best editorial writers in American journalism. As a lawyer, especially in debate for the defense, he had few equals, and it was seldom indeed that he was found on the prosecuting side. As a soldier he was brave in battle, kind to his comrades, a firm disciplinarian, yet sympathetic in affliction among those under his command. Taken all in all he was "a man"—one of God's noblest handiwork, and we very much doubt if his equal shall ever again appear upon the American stage of public life. Lastly, but not by any means least, he was a warm friend of the writer, and we shall mourn him as though of akin. Peace to his ashes.

The Kind You Have Always Bought

This is the last appeal we can make to the Democrats of Breathitt, Owsley, Magoffin, Morgan and Wolfe counties prior to the mass convention to be held at the respective county seats on Wednesday, the 30th inst, and to each and every Democrat we make the appeal that they will well consider our claim in the nomination for State Senator. In asking this at their hands we feel that our faithfulness for very nearly twenty years should have weight. Not only have we been true to the interests of the Democratic party, but to the people of the mountains generally. In our humble capacity as editor of THE HAZEL GREEN HERALD we have championed their cause in all cases and silenced every slander that has been started against them. No man could have done more, and if fidelity is deserving of reward in the Democratic family, now is the time to place it in our case. We are now close to 60 years of age—the oldest man offering for the honor—and we may not live to see another Senatorial nomination. By the time this election comes off we will have served the mountain people 21 years, and surely they can not ask more. We especially implore the Democrats of Wolfe to give us their suffrage on Wednesday next and their unqualified endorsement, if they think us worthy the honor, and should we be the choice of the general convention we promise to faithfully fulfill the duties of the office to the extent of our ability. We have been neither physically nor financially able to make a canvass of the district, and are, therefore, dependent upon our friends absolutely. Hoping that they may be as true to our interests as we have ever been to theirs, we submit our claims and leave the result in their hands, promising whatever the decision to abide it. But we do pray the unanimous support of Wolfe.

## GENERAL AND FOREIGN AFFAIRS.

Because poachers have been shooting quail, foxes and various kind of game in the private park of John D. Rockefeller at Pocantico, in Northern Westchester, N. Y., he now has a private armed game warden, who daily patrols his domain of 5,000 acres.

Gen. Stoessel telegraphed to the Emperor that Port Arthur can hold out. He indulges the firm conviction that he will be able to hold out until the Baltic squadron arrives in March, if he is supplied with munitions and stores. The government, the correspondent adds, has instructed its agents abroad to supply Stoessel's requirements at any cost.

Senator F. M. Cockrell, of Missouri, will be appointed by the President to a position on the Civil Service Commission upon the expiration of his term in the Senate, according to a report from a high administration authority. Mr. Cockrell has served 32 years. He is a relative of Mrs. Lou Mize, of Hazel Green, who was herself a Cockrell.

Cotton-picking in Mississippi is practically finished, except in the delta section, where the planters will be engaged for several weeks in harvesting the crop. Except in a few sections where weather conditions were unusually unfavorable, the crop is fully up to expectations, and conservative experts believe that the yield will be equal to that of last year, while others are predicting a shortage.

A Mt. Sterling man taken to a hospital at Lexington, claims he was kicked under the train by a flagman.

## Shot by a Morgan Man.

The Cincinnati Enquirer of Monday says: "George Chase, a private in C Company, Twenty-seventh Infantry, was shot and undoubtedly fatally wounded on the Midway at Ft. Thomas yesterday morning about 10 o'clock by Private W. A. Oldfield, an unassigned recruit."

"The shooting occurred just outside the notorious 'ragtime' saloon that has been the scene of many fights and riots within the past year. The pistol user made his escape, but a good description has been furnished to the police of the three cities and also to Morgan county, Ky. Oldfield's home, Oldfield's brother, Grover Oldfield, is a bartender at the saloon where the shooting occurred, and is locked up at the Newport jail charged with being an accessory."

These must be sons of James Oldfield.

## The Land of Fruits and Flowers.

Lee Gillum and family, accompanied by Arch Rudd and family, all from the head of Yocum, in Morgan county, passed through here Tuesday going to Florida. Mr. and Mrs. Gillum were in a two-horse surrey, and Rudd and family were traveling in two two-horse hacks in which they had tents, cooking utensils, etc., for camping. They were going the Cumberland Gap route, and will locate in Orange county, where Mr. Gillum spent the winter of 1892-3, and improved very much in health. Indeed, his wife said to "our man about town," who interviewed her, that had he not gone to Florida when he did he would not now be alive. Mr. Gillum says it is a fine country, and he was so much improved there that he determined to give it another trial and renew his lease on life. They were well prepared for traveling and camping, and will doubtless get through all right. Mr. Gillum is a cousin of our countryman, Dan Davidson.

Mrs. Perry, wife of J. W. Perry, of Pleasant Run, Yocum postoffice, died on Monday night last. Beside her husband, she leaves four or five children, all of whom are grown.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Thrasher Combs was in town yesterday and told "our man about town" that Campton was enjoying a regular Middlesboro boom of the palmy days. Five new oil wells will be brought in this week, and three or four derricks are being built to drill new wells at once. At the hotel there is not a vacant room, and all the boarding houses are full to the point of bursting.

Gov. Beckham was on Friday notified that the office of Commonwealth's Attorney of this judicial district is vacant, and Gov. Beckham will be obliged to appoint someone to fill the place. The Lee Circuit Court decided that in the contest between Jim Adams and J. E. Roberts for the place, Roberts had received the most votes, but that it was discovered that he was not a resident of the district. Later—Adams was declared the winner, but lives out of the district.

Wm. L. Kash, son of Mrs. Nanny Craven, is confined to his home and has been ever since the death of his brother, Robert P. Kash. Willie Kash was a few months ago discharged from the regular army, during service in which he contracted chronic diarrhoea, since which he has never spent a well day. He is very thin in flesh, terribly emaciated; in fact, has no appetite, and is so weak that the utmost he can exercise is to sit up for an hour of a morning while his bed linen is being changed. But still the hope is expressed that he may recover.
